

## May 6, 2021 - Meeting Notes

*Comments and additional safety concerns from meeting participants:*

- ▶ Please look into making Perrin Street a one-way street
- ▶ Visibility issues where corner parking restrictions may help:
  - Blue Hill Avenue and Waverly
  - Whiting and Moreland
  - Perrin Street where it meets Moreland
  - Vine Street where it meets Vine Avenue
- ▶ Look into creating a safer crossing at Copeland where it meets Langford instead of mid-block
- ▶ The eastern side of Mount Pleasant Avenue needs traffic-calming
- ▶ The speeding on Winthrop between Fairland and the Dearborn school is really bad.
- ▶ People drive the wrong way on Mount Pleasant Avenue
- ▶ Please confirm that any curb extension will allow fire trucks through.
- ▶ Please share the potential locations for speed humps and corner parking restrictions when available.
